Create New Estimates

Use the Cost Estimator to generate a personalized college cost estimate by entering student and financial information.

Procedure

1. Navigate to the **Cost Estimator > Estimates > New Estimate**.

Result: The **Estimator** page displays.

2. Accept the Terms of Use agreement and click **Get Started**.
3. Enter the required information on the **Profile** page and click **Next**.
4. Complete the **Status** page and click **Next**.
5. Provide household financial information on the **Finance** page and click **Next**.
6. Enter your details on the **About You** page and click **Next**.

Result: Review the available tabs.
